

Dr. John, I just want to thank you for what you've already done in my life. Before I came to see you I could not play with my kids, I would try but I'd end up in salt baths, hot pads and pain pills for the rest of the day. But, for the past 2 days I've been running, climbing and ~~wrestling~~ wrestling around with my boys for hours with no pain throughout the night. now I know I'm not 100% pain free yet but just being able to play with my boys without any pain means so much to me and I owe it to you thank you so much for everything you've done so far and have yet to do I look forward to everything you have to offer this has been a huge breakthrough for me and I really wanted to thank you for it Thank you.

Thanks Again
