

My Chiropractic Testimony

Chiropractic care has released me from the fibromyalgia, chronic fatigue I had for many years. The treatments allowed for less pain and more energy. I was able to do more exercise and therefore resume my normal activities. I had been trying to do this for a long time. With the ability to resume a much more normal life gave me hope & decreased my depression. I was able to reduce medications as well. I received a treatment for anxiety which freed me of a lifetime of anxiety.

I highly recommend chiropractic care for fibromyalgia, chronic fatigue, and anxiety.
