

My Chiropractic Testimony

There are so many people who do not know what chiropractic can do for many different conditions. Will you help us to tell others about the wonders of better health through chiropractic? Please share your story below. You are only asked to share what you are comfortable sharing. Thanking you in advance for your willingness to share your story.

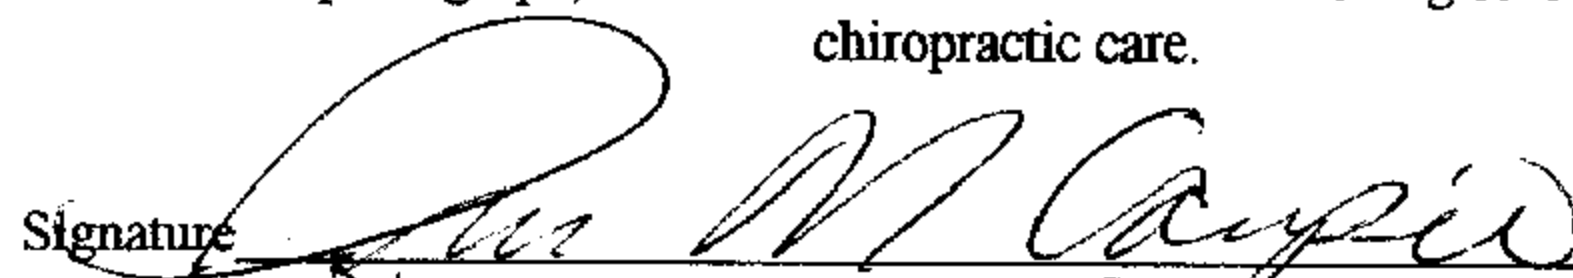

Use the space below we will type your testimony and ask you to sign it when it is completed.

Three years ago I herniated a Disk in my Neck. Since that time I've had to have multiple steroid injections, drug regiment consisting of anti-inflammatories, muscle relaxers and Narcotics in order to function AND maintain my career. Last month I started coming to Cove Freedom Chiropractic AND my pain, numbness AND tingling has decreased exponentially. I receive the Chiropractic care along with weekly massages and I haven't felt this good since before I hurt myself. I'm truly grateful for Doctor John and his staff and I'll recommend them for anyone who's in pain!

I hereby give my permission for all or any part of the above statements to be reproduced with or without my name and/or photograph, and to be used in the interest of telling others about the benefits of chiropractic care.
